

enriching minds. fostering faith. expanding talents.

Dear OLV School

The 2018-19 school year is off to a good start. The students started school on a slightly rainy day in late August, but their enthusiasm to get back to friends wasn't dampened.

Students were very excited to see the new multi-purpose room that was created over the summer in the old library space. Now the elementary students have a place for lunch and parents have a place for meetings. It's also a good space for smaller assemblies so as not to interfere with PE classes in the gym.

We welcomed six new teachers this year. Their stories were featured on the school [Facebook](#) page. Check it out if you would like to know more about them. Being friends with OLV on Facebook is a great way to keep up with current student activities.

Class of 2010 is out of college!

In May, part of the Class of 2010 gathered to celebrate this milestone of college graduation. Miss Miller stopped by which made them cheer and then they played their favorite elementary school PE game: PacMan!
